

North Littlehampton: Phase 5

Landscape Strategy: The Avenue

LA.PH5.2

- Tree planting**
 - Acer freemanii 'Armstrong'
 - Corylus columna
 - Tilia cordata 'Greenspire'
 - Platanus x hispanica
- Hedge planting**
 - Carpinus betulus
 - Laurus nobilis
- Shrub planting**
 - Choisya ternata
 - Lonicera nitida 'Maygreen'
 - Prunus laurocerassus 'Otto Luyken'

The primary access road, The Avenue, arcs across the site in a west-east direction, dividing it in two, creating a prominent linear feature before curving south-eastwards to form an edge to the development. Trees along the road edge would be planted, combined with a shrubs/ hedges, to create consistency along its length which would emphasise the role of the road and provide contrast to the less formal structure of the adjoining residential roads. The road verges allows for the selection of medium-sized trees to be positioned away from residents' properties. Proposed shrubs/ hedges would provide continuity along the length of the road.
