Dear Ms Sharp,

Thank you for your email of 24 May 2022 consulting National Highways (formerly known as Highways England) on the application referenced above and requesting a response by 25 June 2022.

National Highways have been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such we work to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. We will therefore be concerned with proposals that have the potential to impact on the safe and efficient operation of the SRN, in this case the A27.

I confirm that we do not wish to make any representations on the basis of the additional information recently submitted. Accordingly, we will continue to rely on our previous representation and do not object to this reserved matters application.

If you have any queries regarding this response, please contact us at

Kind regards

Elizabeth Cleaver, Assistant Spatial Planning Manager
