Dear Mr Collins

I refer to your submission of the landscaping scheme in accordance with condition 4 and your covering email. We understand that you are not asking for confirmation or approval merely submitting the scheme for filing. Please note that as you are not asking for approval we must assume that there must be other information still to come and the time limited for discharging has not started to run. Kindly let us know when you want us to consider the submission. We would like to draw your attention that the condition is only discharged when it has been approved in writing by the Local Planning Authority. As you are not asking for an approval we would be acting prematurely to decide whether the condition is now discharged. When you are ready for us to consider the submission please ensure that you enclose the relevant fee. In the meantime, no development above DPC level can take place.

Yours sincerely

Nicola Spencer

Mrs Johnson et al

Thank you for your e mail.

The e mail, statement and information provided simply provides information required by condition in accordance with article 27 of The Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended) as guided by the relevant PPG at Paragraph: 032 Reference ID: 21a-032-20140306.

Article 27 states :

27.—(1) Subject to paragraph (3), an application for any consent, agreement or approval required by a condition or limitation attached to a grant of planning permission must—

(a) be made in writing to the local planning authority and must give sufficient information to enable the authority to identify the planning permission in respect of which it is made; and

(b) include such particulars, and be accompanied by such plans and drawings, as are necessary to deal with the application.

(2) The authority must give notice to the applicant of their decision on the application within a period of 8 weeks beginning with the day immediately following that on which the application is received by the authority, or such longer period as may be agreed by the applicant and the authority in writing.

(3) Paragraphs (1) and (2) do not apply to an application for approval—

(a) of reserved matters(1); or

(b) under Schedule 2 to the Permitted Development Order(2).

And the referenced PPG states:

How can a developer seek to discharge conditions attached to a planning permission that require local planning authority approval of further details?

Requests for approval of further details required by conditions must be made to the local planning authority in writing, enclosing any relevant details.

I note that ADC has decided (unilaterally) that it will no longer accept applications made in accordance with the relevant regulation and the related PPG and you must proceed as you see fit but the applicant considers that the application is lawfully made and that the LPA is duty bound to determine same and will proceed in accordance with articles 28 – 30 of the same Order should this not, in due course, happen.

Please note that the applicant does not (at this stage) seek written confirmation of the discharge of conditions or written confirmation that one or more of the conditions imposed on a grant of planning permission have been satisfied so that no written compliance fee is payable. (See Fee regulations and PPG at Paragraph: 033 Reference ID: 21a-033-20140306).

I look forward to receiving the Council's written approval of the information (where applicable) lawfully submitted in due course.

Thanks

Paul Collins BA (Hons) DipTP

Mr Collins,

Is this a Discharge of Conditions application? If it is, we no longer accept applications via email. If you are discharging conditions, you will need to apply on the planning portal.

Thank you
Mrs Johnson
