Simon, please find attached our revised drawing P-03B. This has the room areas added to each room and a schedule added with all areas tabulated. Will you please accept this as a substitution for the last revision P-03A?

Regards

Dear Jo,

I have reviewed the application this afternoon and I believe I can support it. However, I have a request from you. I will need to assess the flats against the nationally described space standards. I wonder if you are able to provide me with a schedule of the internal floor areas in m2 per new flat. This would save me having to measure using our web measuring tool. I hope you can assist.

Kind Regards
