Dear Graeme,
I acknowledge receipt of your e-mail and note your comments. I will do what I can. It depends on consultee responses and what information may be requested and likely timeframe for receipt as to whether there would be the opportunity to allow for submission of additional information.
Regards
Anita

Hi Anita,

As I expect you have seen, we have resubmitted proposals for the redevelopment of the old Waitrose store. These proposals have been scaled back compared to the previous scheme (now 2-3 storey and broken into 3 separate buildings with open space between). We hope they address the concerns raised by the Council and Inspector regarding the prominence of the previous scheme.

I am reviewing the consultation responses on the website and note the environmental protection response requesting further detail on biodiversity measures. I will seek to get a response to this clarifying what measures would be included in the scheme.

If there are other comments received requiring further information or raising concerns, please could you share these with me as we would like the opportunity to address them before determination.

Regards

Graeme Warriner
Planning Director
