Case Officer: Mrs A Gardner
Telephone: 01903 737529

Town & Country Planning Act 1990 (as amended)

Town and Country Planning (Development Management Procedure) (England) Order 2015

Application No: LU/214/20/PL

Site Address: Empty Supermarket Premises Avon Road Littlehampton BN17 6AT

Description of works: Demolition of existing buildings & redevelopment comprising 50 No. residential units (Class C3) & flexible commercial floorspace (Class A1, A2, A3 and/or D1) together with the provision of car & cycle parking, landscaping & associated works (resubmission following LU/3/19/PL). This application affects the setting of listed buildings & may affect the character & appearance of the East Street, Littlehampton Conservation Area. This application is in CIL Zone 4 (Zero Rated) as 'flats & other development'.

Thank you for your internet representation made on 2nd September 2020 which has been recorded as an objection with the comments as follows:

OWPC29360

The site contains an inappropriately scaled supermarket building but even so any new replacement development on the site must respect the scale, character and heritage importance of its surroundings. The need to enhance the setting of heritage assets, and the respect of local distinctiveness and sense of place, all of which should be made possible through appropriate and good quality design, is made clear in the National Planning Policy Framework and Arun District Local Plan.

It is considered that the proposed development does not achieve these requirements, and therefore conflicts with them for the following reasons:

(1) As the Inspector indicates in his decision letter regarding LU/3/19/PL, in the vicinity of the application site existing development is predominantly modest in scale. This reflects the edge of town centre location and historical growth of the town. Although efforts have been made to reduce the extent of new building and to introduce variations in building line, the mass, height and materials of the 3 storey elements of the buildings will appear overbearing in relation to the street scenes in Franciscan Way, Avon Road and East Street. This is also detrimental to the settings of the Conservation Area and those adjacent and nearby Listed Buildings. These include Avon House where the setting will be further compromised by the proposed row of parking spaces directly opposite.

(2) The block fronting East Street and the conservation area appears out of keeping in its configuration, massing, form, and fenestration treatment with the historical and good quality townscape context, which includes several Listed Buildings

(3) Despite the issues addressed in the Design and Access Statement, apart from the use of pitched roofs, it is difficult to see how the particular local vernacular in building form, materials, design and detailing has been

incorporated in any contemporary and innovative way in the designs of the blocks. An example of how this has been undertaken successfully is no's 1-5 Floyd's Cottages, Surrey Street. Whilst it is not proposed that this should be copied in any way on the application site, it does indicate the level of the quality of design, materials and finishes which should be expected and required in this important and prominent town centre location and also given the high heritage significance of its surroundings.

Your views as made above will be considered before the application is determined.
