Dear Mrs A Gardner

I write to note the following comments regarding my application for planning in which I do not consider as an objection for my application 1. Parking provision lost 2. Staff room provision lack of facilities toilet/bathroom The Car Surgery has been trading over 30 years and providing the public a service to keep our roads safe from defective vehicles May I note that the premises has more than adequate facilities for staff such as toilet/ kitchen Regarding the loss of parking space for two cars would not cause any issues due to the fact of the parking as present wouldn't be affected as the workshop I intend to build would still accommodate the vehicle that parks there I Intend to Build this structure to house Tyre machines and various equipment May I also note that the previous planning application was for the Workshop and above staff room which was going to be an extra office and not a staff room. Please feel free to inspect my Premises for staff facilities and please reconsider my application as it's a key part to continue our business Yours sincerely

Duncan Slack
