Policy 1 of the Littlehampton Neighbourhood Development Plan states that permission should be granted where applications accord with the relevant policies in the Neighbourhood Plan. It goes on to set out circumstances where an applications conflict with Policy 1 would be acceptable.

Policy 2 of the Littlehampton Neighbourhood Development Plan seeks to focus development within the built up area boundary.

DESIGN AND VISUAL AMENITY

This application follows previous approval LU/10/20/HH, with the main changes being a slight increase in height of the proposed elements, a roof lanterns and a chimney. These changes are not deemed to result in any significant impact upon the character of the host dwelling, or its locality. As a result of the minor scale of the proposed changes, they are considered to appear subservient and sympathetic to the host dwelling.

The proposed development is considered to be in accordance with D DM1, D DM4(a) and (b) of the Arun Local Plan.

NEIGHBOURING RESIDENTIAL AMENITY

The proposed development is not considered to result in any harm overbearing or overshadowing impact upon the occupiers of neighbouring dwellings. This is due to the modest scale of the proposed alterations. Furthermore, the proposal does not introduce any changes that may result in a loss of

privacy to neighbouring occupiers.

The proposed development is considered to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions.

Consideration has been specifically given to Article 8 (right to respect private and family life) and Article 1 of the First Protocol (protection of property). It is not considered that the recommendation for approval of the grant of permission in this case interferes unreasonably with any local residents' right to respect for their private and family life and home, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

DUTY UNDER THE EQUALITIES ACT 2010

In assessing this proposal the following impacts have been identified upon those people with the following protected characteristics (age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex or sexual orientation).
