

Hi
Pls can you add this revised drawing to the file, and supersede the previous version
No need to re-consult
Thanks
Amy

Amy,

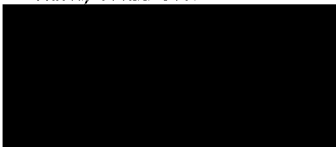

Please find attached the revised drawing simplified as requested.

Hi Matt

I'm just writing up my report now, with a recommendation of approval.

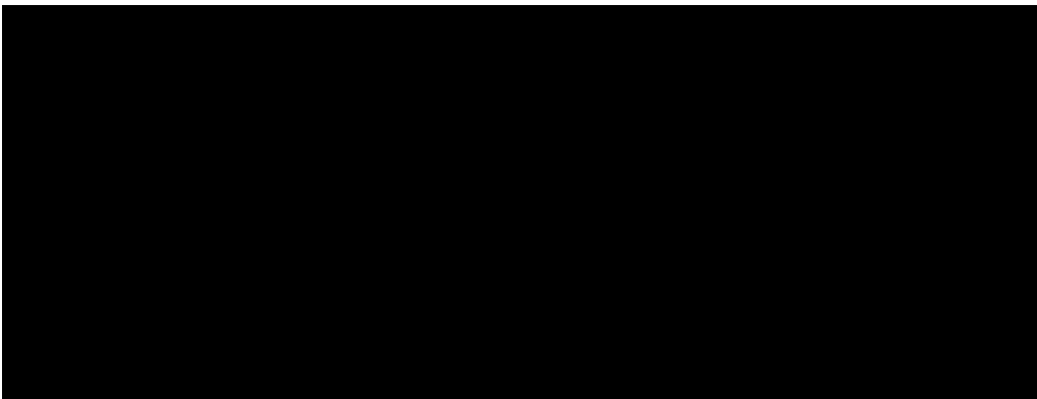

However, one thing I did notice is that there are a number of 'new wall mounted condenser units' and 'new grilles' on the 'Landlord Plan external works' drawing which I also saw on site, yet these are not included in the description of development but are included within the red site line boundary.

As such, to avoid further delay (i.e. having to amend the description of development and re-consult on these elements) could I ask that you remove these from that drawing and send me a revised version?

If you can do so today, then I can finalise my report and we should be able to issue the decision by this Friday 8th Nov, or latest early next week.

Kind regards
Amy

Amy,

I understand your site visit went ahead as planned. Can you let me have an update on your position and proposed determination date?

Dear Matthew

Further to your emails to my colleague Anita, apologies for the continued delay, I do understand your frustration and appreciate your patience on this matter.

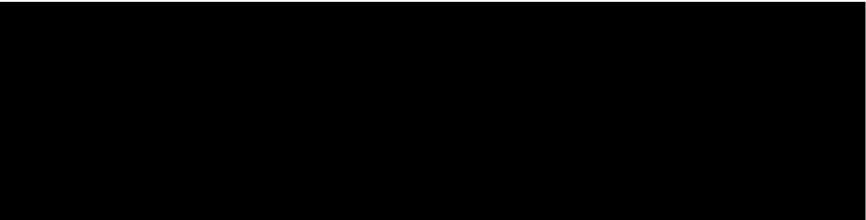

I started at Arun District Council last week, and I have been given a caseload of some overdue applications, including yours. I am working through these applications in chronological order; I hope to review your application next week, and issue the decision by Friday 15th November.

In order to familiarise myself with the site, I would like to make a site visit this Wednesday 30th October, I will be arriving sometime between 10.30am and 11.30am

I am aware there may be a need to sign in for security purposes to get on site and access the proposed location for the new temporary building.

Please can you confirm by return of email that access has been arranged and whom to ask for when I get to site?

Best wishes,
Amy

Good Morning Anita,

I hope this find you well and that you're able now to update us on the planning determination?

Dear Mr Russell,

I acknowledge receipt of your e-mail. I apologise that determination of your application is being delayed. Unfortunately I have a significant caseload and most of my applications have exceeded their target dates already. Your application is relatively new. I am trying to deal with my caseload in order of urgency, prioritising the oldest

applications first and I am unlikely to be able to put time to working on your application for at least another 3 weeks.

If I require any further information when I come to write my report I will come back to you then. In the meantime please can you agree an extension of time until 18-10-2019?

Regards

Anita Gardner

Good morning Anita,

I wonder if you can update me on the status of our application above, which was due for decision on Monday?
