Dear Miss Strong.

Re: Listed Building Consent Application

Re: The Old House, 37 East Street, Littlehampton.

Further to the submission of the above Listed Building Consent Application in respect of the demolition and reconstruction of Chimney No.2 at the above property. It has now been decided on site that there is no requirement for this chimneystack to be demolished and re-built as remedial works can be completed to deal with the problem. Under these circumstances we would therefore like to request the withdrawal of the above application.
