Dear Anita,

Thank you for consulting EH on the above document discharge relating to condition 9 under planning consent LU/330/18/PL

I have reviewed the submitted gas inspection; however, we still need the details of the timescale for the periodic submission of the verification report to comply with the condition. The maintenance and periodic monitoring plan details don't appear to be included in the submitted details.

Once we have the full details, I will be happy to provide a revised consultation response to address condition 9 accordingly.

Regards
