Engineers Comments Regarding Conditions 10 and 12

It is not clear from the supplied information what area this application applies to. The documents submitted are dated January 2019 when a previous DOC application was submitted and, to my understanding, approved for an area of the development.

Please can the applicant supply plans that clearly show the area this current application applies to and the necessary details for this area.

Full details of the information we require to support a discharge of conditions application are available on our checklist, which can be found here: <https://www.arun.gov.uk/surfacewater>
