Hi Claire,

My figures are based purely on numbers the 91 dwellings x 2.2 = 200. I hope this helps.

Thanks Sadie.

For clarification purposes - are these figures based on the numbers and mix of housing?

I just wanted to clarify before I go back to the agent.

Hi Claire,

Sorry for the delay but following my meeting with Clare Potter I can confirm that my comments are as follows:

The increase in the number of houses proposed by this development must be supported by improvements to local infrastructure and we would be expecting a contribution towards swimming pools of around £20,592 and to halls of around £37,557.

I hope this information helps and Clare will also be responding to you separately.
