Sian,

I have added a splay plan (please see attached) to the application but when I try to submit it is still asking for payment. With regards to the area of the drive it would be my intention to convert the whole front garden area to the drive so I think it would easily get 3 cars on it.

Very many thanks

Ian Chappell

[REDACTED]

Dear Mr Chappell

Thank you and the payment has now been added to the application as can be seen below. If its still requesting fees off you let me know and ill inform the council but do not pay anything else as nothing else is required.

Kind regards

Sian

Sian,

Please amend the application as required on my behalf. I will sort out the splay plan.

Again many thanks for your assistance with this matter.

Kind regards

Ian Chappell

Dear Mr Chappell,

Thank you for your emails, I have forwarded your receipt onto Arun no further fee will be needed. The plans you have submitted are fine however a splay plan is still required. Also on the splay plan if you are able to roughly draw on the car parking spaces onto the driveway i.e a 2 car drive 2 spaces ect then that should be fine. Please confirm I am able to amend the form to read 'yes' to Q8.

A visibility splay is formed by measuring to a point 2.4m back from the carriageway in the centre of the driveway or entrance. A line (70m long in the case of a 30mph limit) is then drawn to the right, to a point where it strikes the near-side edge of the carriageway.

Kind regards

Sian
