Notification regarding the above application:

Condition Number 5

Prior to the commencement of the development, a Noise Management Plan (NMP) shall be submitted to and approved in writing by the Local Planning Authority. The NMP shall provide details as appropriate, including but not necessarily restricted to, the following matters:

1. Hours of operation
2. Management responsibilities during operating hours
3. Measures to control noise from activities and operations at the site (including the operation of any equipment plant or building services)
4. Minimising noise from vehicles, deliveries, and servicing.

The NMP shall be regularly reviewed to ensure that it reflects current operational site practices. Where the operator or the Local Planning Authority receives complaints or have concerns that site activities or operations are having or may have a detrimental impact to the local amenity, the NMP shall be reviewed. Any changes to the NMP necessary to address these concerns shall be implemented to the satisfaction of the Local Planning Authority.

The applicant should review the Planning Noise Advice Document - Sussex, November 2023:

Where the operator or the Local Planning Authority receives complaints or have concerns that site activities or operations are having or may have a detrimental impact to the local amenity, the NMP shall be reviewed. Any changes to the NMP necessary to address these concerns shall be implemented to the satisfaction of the Local Planning Authority."

Please do not hesitate to contact the above officer if you require any further assistance.
