I welcome the proposal for such an imaginative and ambitious redevelopment of this under utilised waterfront. As an exemplar for what could be achieved on the rest of the West Bank this should be an enormous catalyst for regeneration in the harbour which will benefit the whole of the town and district. I particularly like the fact that the ferry and water taxi pickup and drop-off points will give residents and visitors the ability to access the centre of town by boat. At a time when we are desperate for real regeneration, improvements to the cycle and foot paths are welcome too.

Your views as made above will be considered before the application is determined.
