CONCLUSIONS

PRINCIPLE

In this case, the key policies are deemed to be D DM1 and D DM4 of the Arun Local Plan. Additionally, Policies 1 and 2 of the Littlehampton Neighbourhood Development Plan.

Policy D DM1 sets out 13 design aspects of which applications should be assessed against. These include: Character, Appearance, Impact, Innovation, Adaptability, Crime Prevention, Trees, Public realm, Layout, Public Art, Density and Scale.

Policy D DM4 sets out criteria for which applications relating to extensions and alterations of existing buildings must be assessed against. They generally seek to minimise the impact of the proposal on the character of the host dwelling, its neighbours and the locality.

Policy 1 of the Littlehampton Neighbourhood Development Plan states that permission should be granted where applications accord with the relevant policies in the Neighbourhood Plan. It goes on to set out circumstances where an applications conflict with Policy 1 would be acceptable.

Policy 2 of the Littlehampton Neighbourhood Development Plan seeks to focus development within the built up area boundary.

DESIGN AND VISUAL AMENITY

The single storey extension would be visible within the street scene and due to its single storey nature across the width of the dwellinghouse and painted render finish to match the existing dwellinghouse is considered to be of a subordinate and acceptable design such that it would not result in any harmful impact upon the character of the host dwelling, or its locality of other similar two/three storey residential houses.

The proposed development is considered to be in accordance with D DM1 and D DM4 of the Arun Local Plan,

NEIGHBOURING RESIDENTIAL AMENITY

The proposed development is not considered to result in any significantly harmful overbearing or overshadowing impact upon occupiers of neighbouring dwellings.

The extension would be between the existing dwellinghouse and the street and would therefore not affect any neighbouring dwellings in terms of loss of light, overbearing impact or loss of privacy.

The proposed development is considered to be in accordance with D DM1(3) and D DM4(c) of the Arun Local Plan.

SUMMARY

The proposed development is deemed to accord with relevant development plan policies and as such is recommended for approval subject to the following conditions.

The Council is also permitted to control the use of property in accordance with the general interest and the recommendation for approval is considered to

be a proportionate response to the submitted application based on the considerations set out in this report.
