

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

18/9/24

1.2 Planning application reference number

LU/246/24/PL

1.3 Local planning authority (LPA)

Arun

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Land At Toddington Lane, Littlehampton BN17 7PN

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

Demolition of existing structures and development of land to create 10 no. residential dwellings, landscaping, access, car parking and cycle parking.

2. Developer details

2.1 Applicant name

Sammy Gearing

2.2 Company name

Worthing Homes

2.3 Address

Davison House North Street Worthing BN11 1ER

2.4 Email address

sgearing@worthing-homes

2.5 Telephone number

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

2.8 Date

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Joshua Harwood

3.2 Company name

The Ecology Co-op

3.3 Address

Unit 4, Langham Stables, Langham Lane GU28 9BU

3.4 Email address

Josh@ecologyco-op.co.uk

3.5 Telephone number

01798 861800

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

3.8 Date

12.11.2024

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

- ☐ Yes
☒ No

4.2 If no, what earlier date did you agree with the LPA?

1/06/2022

4.3 How have you met the guidance on ‘what counts towards your BNG’?

[Find out what you can count towards a development's BNG](#)

The current calculation uses the proposed on-site habitats that does not require or include species/habitat mitigation or other schemes that can only be included ‘in part’ towards biodiversity net gain.

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you’ve taken on site, including to avoid or minimise the impact on irreplaceable habitats.

No irreplaceable habitats are identified on site.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

- ☒ Yes
☐ No

4.6 How will you achieve the target net gain percentage?

- ☐ On-site
☐ Off-site
☒ Both

4.7 Are any of your on-site enhancements considered ‘significant’?

[Find out what counts as a significant on-site enhancement.](#)

- ☒ Yes
☐ No

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you’ve secured the habitat.

Yes, the site creates a series of medium distinctiveness habitats including; 0.29 units of other neutral grassland and 0.63 units of individual trees

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

0.06 units

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

The site requires the creation/enhancement of 0.24 units of scrub habitat and 0.07 units of medium distinctiveness grassland habitat to satisfy the trading rules which would not be possible on site, it is also not possible to retain the existing bramble scrub parcel with the proposed scheme.

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

N/A

4.12 Do you have a habitat management and monitoring plan?

☐ Yes

☒ No

4.13 Have you used the statutory biodiversity metric tool?

☒ Yes

☐ No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

Statutory BNG Metric

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

Toddington Lane Preliminary Ecological Assessment, update letter 16 September 2024, dated 16th September 2024.

P2238 Toddington Lane BIC Report Rev2 Issue, dated 16th September 2024

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

Figure 1 of the 'P2238 Toddington Lane BIC Report Rev2 Issue' report, dated 16th September 2024

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

Drawing number 'TLN-SGB-00-GF-DR-L-101' from studio gb, dated 5th September 2024

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

☐ Yes

☒ No

Consenting body

Reference number

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

☐ Yes

☒ No

5.2 Have you submitted an approved compensation plan?

☐ Yes

☒ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

1/06/2022

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

Since the assessment in 2022 an updated assessment was undertaken on the 29th August 2024 to determine if the sites habitats had improved in condition. The habitats at the time of the updated assessment were in a worse condition than the previous ecological assessment through natural succession as such the previous assessment has been used as the baseline.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

1.03

Number of hedgerow biodiversity units

0.00

Number of watercourse biodiversity units

0.00

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

1.07

Number of hedgerow biodiversity units

0.03

Number of watercourse biodiversity units

0.00

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

+0.04

Area habitat biodiversity units % change

+3.97%

Hedgerow biodiversity units

+0.03

Hedgerow biodiversity units % change

N/A

Watercourse biodiversity units

0.00

Watercourse biodiversity units % change

N/A

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

☐ Yes

☒ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

7.2 Biodiversity gain site register reference number

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

7.5 Total biodiversity value post-intervention

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

Area habitat biodiversity units % change

Hedgerow biodiversity units

Hedgerow biodiversity units % change

Watercourse biodiversity units

Watercourse biodiversity units % change

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

☐ Yes

☒ No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

A4

A5

H

W

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the [statutory biodiversity metric user guide](#).

Very high

Yes

High

Yes

Medium

No; 0.07 unit requirement for grassland and 0.24 unit requirement for scrub

Low

Yes

10. Sharing data (optional)

10.1 Can we share your ecological survey data with the Local Environmental Records Centre or other bodies?

☒ Yes

☐ No
