8th October 2018

Dear Sir/Madam

Town & Country Planning Act 1990 (as amended)
Town & country Planning (Development Management Procedure) (England) Order 2015

Demolition of single storey lean-to & erection of single storey rear extension. This application affects the character & appearance of the Littlehampton Seafront Conservation Area & may affect the setting of a Listed Building
13 Norfolk Road Littlehampton

Thank you for your internet representation made on 6th October 2018 which has been recorded as '**an objection**' with the comments as follows:

- 1/Loss of natural light into the living room/dining room and kitchen. Note; original wall and fence is 2 metres high, proposed new wall is 3 metres high.*
- 2/the loss of natural light caused by the proposed wall will have a huge impact on our day to day lives. As this is a mid-terraced property there are no side windows and the dining area is served by a small 80X110 window, so on a normal day we will have to have the electric light on.*
- The loss of light will also affect the kitchen area.*
- 3/The distance between our building and the original wall is at one point as shown on plan only 1.00 metre and at the next point 1.4 metres although the proposed plan shows 1.3 metres.*
- 4/NO Proper access for building work to be carried out.*
- Our main objection is to the height of the extension as it will totally change our living environment and we will lose sight of the sky from the rooms mentioned.*

Unfortunately it is not possible for the council to respond to each representation individually but your views will be considered before the application is determined and I shall write to inform you of any decision made.

If the application is to be determined at the Development Control Committee and your letter has been received after the agenda has been published, you will not receive a separate letter notifying you of the date of the meeting and the procedures for public speaking. In such circumstances, it is recommended that you track the progress of the application on the website or telephone for further information. Please be advised that any comments received after the Development Control Agenda has been produced will be reported to the meeting. Please also note that only a small number of all planning applications are determined at the Development Control Committee, most are determined by officers under delegated power.

All representations are published on our website so please make sure your views are clear and only include information that you are happy for the public to view. Do not include personal information or information from third parties unless you have their permission to do so. If a complaint is received that permission has not been given for comments included about a third party, the Council reserves the right to redact/remove all relevant information. Do not include information that is defamatory or breaches equality or other legislation. If you do not wish your comments to appear on the website and on the file, please confirm this in writing and I will arrange for it to be destroyed, although this does mean that its contents will be disregarded. For details of what we do with your personal information please refer to our privacy statement comments on planning applications which is

available on our website www.arun.gov.uk/planning-privacy-statements.

In the event of a subsequent written representations appeal, against a refusal of planning permission on a householder application, any representations made on the application will be automatically forwarded to the Secretary of State. Unlike all other types of appeal, there will be no further opportunity to comment at the appeal stage.

Yours faithfully

Neil Crowther
Group Head of Planning
