EH Comments:

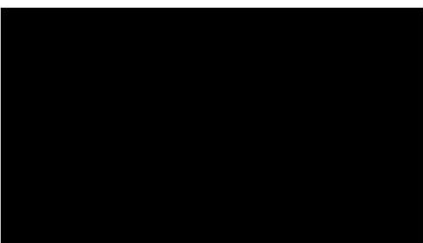

I have reviewed the additional information submitted by the applicant in relation to the potential noise impact from deliveries. The report indicates that the noise from deliveries will comply with noise levels set out in BS8233 with the windows closed and the TM59 sets out the ventilation requirements for block C so the windows can remain closed.

Therefore, if all the recommendations and mitigation in the submitted reports are fully implemented, and the deliveries are restricted to 07.00-23.00 as stated, I would have no further objections in relation to noise.

Conditions Recommended:

PL- Consultation- Environmental Health response
