This application was considered by the Littlehampton Town Council's Planning and Transportation Committee on Monday 5 January 2026.

The committee had no objections to the application subject to the following comments resolution:
Members welcomed the development of the retail, community and civic open spaces; it was seen to be beneficial to the wellbeing of the community. A significant concern to the committee was the absence of an amended Section 106 agreement, which would undoubtedly be discussed in future with all interested parties. The revised agreement should be equivalent to the previously understood contributions and enhance positive impacts to the community. In the absence of such agreement the Town Council would object. Members agreed in principle to the relocation of the community centre within the local centre, subject to confirmation of transfers and ownership, due to financial implications this could have on the Town Council.

The developer should aspire to achieve current BREEAM criteria to the highest standard possible across all anticipated areas of the development. It was encouraged by members that the previously agreed 2012 criteria be met as a minimum across updated and recently submitted plans. That included the Community Centre, despite the amended plans now falling under the minimum BREEAM size requirement. It was encouraged that consideration should be put into the building's design and construction, to allow for development of BREEAM features in future to improve compliance with the criteria.
