Subject: LU/251/19/HH - [REDACTED]

Dear Mr Gardner,

With regard to the above application, I understand the determination date is due 3rd October. Is it possible to substitute the following drawings at this late stage?

0270 / 102 rev C	Proposed floor plans
0270 / 103 rev C	Proposed elevations

The alterations are very minor in nature and I do not believe materially affect the application.

Summary of Changes:

1. Flat glass rooflights changed to traditional lanterns (size unaltered).
2. Small flat glass rooflight added to the Wetroom.
3. Playroom doors changed from folding screen to french doors.
4. Garage door material changed from cedar to blue composite to match existing front door.

Many thanks for your assistance.

With Kind Regards

Peter Davey
