Subject: 57 river road - application LU/251/21

I have carefully studied this application and the developments on River Road over a number of years.

The proposed development is refreshingly new and has been carefully drawn to not only fit in with the existing, if somewhat disorganised, footprint of River Road. It will help the intake footfall for the area and help to re-vitalise an important historical river bank location.

The application is both bold and sympathetic.....well done !

I am strongly in support.

James Morgan-Harris.
