OWPC41684

I support this application. It provides much needed accommodation in a space that is comparatively derelict with unused open space that adds nothing to the riverside area. More importantly, it is an attractive design by a renowned architect that will add significantly to the aesthetic appeal of the area and the town. Too few of the new and contemporary buildings in Littlehampton have any merit in terms of their design, style and character - they are anonymous mass produced buildings which do not add to the creative/cultural capital of the town. Developments such as this will help in enhancing the appeal of Littlehampton and help to make it an attractive place to live - something that will benefit everyone.

Your views as made above will be considered before the application is determined.
