Subject: 39 South Terrace, Littlehampton - Sycamore Crown reductions

Good afternoon,

I have left numerous voicemails regarding a small issue with my application towards a crown reduction at 39 South Terrace, Littlehampton.

I got asked to notify Zac Denton the measurement in metres in which I plan to reduce the crown by.

I have re-viewed the sycamore and its 1.5m to 2.0m which is around 10% / 15% due to the tree being around 15 Metres in height.

I hope this will complete my application.

Any further questions please do not hesitate in contacting me.

Kind regards

Nathan Lee Petts
