Subject: FW: Planning Consultation on: LU/252/19/PL

Environmental Health:

1.Contaminated Land

In relation to the PCL for this application, if the proposed works involve breaking the ground surface, please may the following condition be recommended:

- Prior to commencement of the development hereby approved (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), the following components of a scheme to deal with the risks associated with contamination of the site shall each be submitted to and approved in writing by the Local Planning Authority:
 1. A Preliminary Risk Assessment which has identified: all previous (historical) uses; potential contaminants associated with those uses; a conceptual model of the site indicating sources, pathways and receptors; potentially unacceptable risks arising from contamination at the site.
 2. A Site Investigation Scheme, based on (1) to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site.
 3. Based on the Site Investigation Scheme and the detailed risk assessment (2), an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.
 4. A Verification Report providing details of the data that will be collected in order to demonstrate that the works set out in (3) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action.

Note: Any changes to these components, (1) to (4) require the express written consent of the Local Planning Authority.

The scheme shall be implemented as approved above and, prior to commencement of any construction work (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), a Verification Report demonstrating completion of the works set out in the approved remediation strategy and the effectiveness of that remediation shall be submitted to and approved in

writing by the Local Planning Authority. The report shall include results of sampling and monitoring carried out in accordance with the approved verification plan to demonstrate that the site remediation criteria have been met. The report shall also include a long-term monitoring and maintenance plan for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action, as identified in the verification report, and for the reporting of this in writing to the Local Planning Authority.

Reason: To protect the amenity of local residents in accordance with Policy QE DM4 of the Adopted Arun Local Plan 2011 – 2031.

2. Construction Management Plan to be provided

The Construction Management Plan should take all relevant precautions to minimise the potential disturbance to neighbouring residents during the demolition/construction phase of the development, particularly in respect to noise, vibration and dust.

Please condition:

No development shall take place, including any works of demolition, until a Construction Management Plan has been submitted to and approved by, The Local Planning Authority. The Approved Plan shall be adhered to throughout the construction period. The Plan shall provide for :

- a. An indicative programme for carrying out the works
- b. The arrangements for public consultation and liaison during the construction works.
- c. Measures to minimise the noise (including vibration) generated by the construction process to include hours of work, proposed method should foundation piling occur, the careful selection of plant and machinery and use of noise mitigation barriers.
- d. Detail of any flood lighting, including location, height, type and direction.
- e. The parking of site operatives and visitors
- f. Loading and unloading of plant and materials
- g. Storage of plant and materials used in construction and development
- h. Wheel washing facilities
- i. Measures to control the emission of dust and dirt during construction

Reason: In order to safeguard the amenity.

Hours of Operation: No plant or machinery shall be operated, no process carried out and no deliveries taken or despatched from the site except between the hours of 07:00 and 18:00 hours on Monday to Fridays inclusive; 08:00 and 13:00 hours on Saturday; not at any time on Sundays or Public or Bank Holidays

Reason: In the interest of the amenity

The granting of this planning permission does not in any way indemnify against statutory nuisance action being taken should substantiated complaints within the remit of the Environmental Protection Act 1990 be received. For further information please contact the Environmental Health Department on 01903 737500.

No grant of Planning or Building Regulations approval is implied.
