ARUN DISTRICT COUNCIL LU/25/10/

Photograph of physical sketch model

2.0 Appraising the context

2.2 Involvement

As stated earlier, the scheme presented within this document has been prepared during a series of consultation meetings with West Sussex County Council, Senior Management and staff of the new Academy and the Woodard Trust, the sponsors of the new Academy. This consultation took place over a period of 12 weeks . The consultation process has been ongoing following this and has involved discussions with staff throughout the school. Over the next few weeks and months these discussions will increase further as we develop the detailed internal and furniture layouts

We have also had the benefit of key consultations with various other parties as listed below who have contributed and helped inform the design:

WSCC Planners: Meetings with Derek Kingaby - 14.04.10 & 28.07.10

Secured By Design: Meeting with Phil Edwards (Crime Prevention Design Advisor) - 20.05.10

Neighbours drop in session: Held at the Littlehampton Academy - 01.07.10
