Dear Richard,

I understand that it is frustrating, I apologise for this.

I would give opportunity for you to address any issues raised by W.S.C.C, although please note the informative that we would have applied to the consent.

"The applicant is advised that in addition to obtaining planning permission that they must also obtain formal approval from the highway authority to carry out the site access works on the public highway. The granting of planning permission goes not guarantee that a vehicle crossover license shall be granted. Additional information about the licence application process can be found at the following web page:

Online applications can be made at the link below, alternatively please call [REDACTED]

Please let me know if you have any concerns/comments going forward.

Kind regards,

Zac

Hi Zac

That's understandable although a bit frustrating for my client. Could we agree to an extension of time on the understanding that we are given the opportunity to address any issues they may raise to achieve a positive outcome?

Thanks

Richard

Dear Mr Dollamore,

Resultant of a mistake in the validation process, the wrong W.S.C.C Highways Department was consulted on this application, as a result of this, I have consulted the correct department today. However, they require at least 21 days to respond to a consultation, therefore, would it be possible to have an Extension of Time until the 1st of February in order to provide you with a determination?

Apologies,

Z Denton
