

Dear Sir/ Madam

I am enclosing before and after pictures of our garden, we have worked so hard to improve it since moving in 3 years ago .We didn't realise we needed permission to erect the fence, our deepest apologies ,the fence as it stands now measures 6ft6" ,as we need privacy as it encloses our back garden ,we could remove the 12" gravel boards from the bottom to bring it down to 5ft6".

We had asked all our neighbours beforehand if it was ok with them all ,and no one had a problem with it . The complaint you received was accusing us of land grabbing ,as you can see by the deeds page (included) that isn't so .And as other people on the Estate have also put up high fences we thought this was alright for us to do .

We had rubbish dumped on the lawn regularly and dogs mess , so that is some of the reasons we extended the fence out .

I really hope we can come to an understanding over this ,as being on a pension the cost to have it removed would be a real hardship to us ,I now understand from Miss Lawrence it should be 1 metre in height ,but as it is our back garden this I'm sure would be insecure .

Yours Sincerely

Carol Turner
