Dear Sir/Madam,

Town & Country Planning Act 1990 (as amended)
Town & Country Planning (Development Management Procedure) (England) Order 2015

Application No: LU/258/21/HH
Site Address: 5 Reef Close Littlehampton BN17 6QG
Description of works: Erection of single storey side garage extension

Thank you for your internet representation made on 11th September 2021 which has been recorded as an objection with the comments as follows:

OWPC40293

I have viewed the plans and am very concerned that the proposed extension, which is additional to a very large extension that has just been completed, is right on my boundary and the foundations will need to encroach on my land and to construct a wall along that line without invasion of my property occurring will be impossible and permission will not be given for such work to take place. Also of concern is the discharge of rainwater onto my property from the roof of the building. Where and how is this proposed to be dealt with. I request that due thought is given by the Planning Officer to these concerns and that the foundations should be set away from the boundary and that if permission is granted then the eventual builder should ensure that the fencing along this boundary is not damaged or weakened and that no debris should enter my property thus affecting loss of use or enjoyment of my property.

Your views as made above will be considered before the application is determined.
