Dear Andrew,

Further to the report I've just sent you, under the section about the plans marrying-up, the applicant should ensure that the WSCC scheme is the one they use alongside their development scheme (so all highways alterations as part of the A259 scheme - not just the footways). I just wanted to make that clear. It'd also be useful knowing their timescale - i.e. are they intending to start and finish before the A259 works commence or afterwards?

Thanks,

Tim
