

DECISION NOTICE

Application Ref: LU/263/21/PL

1 To Addressee

Jones Lang LaSalle Ltd
30 Warwick Street
London
W1B 5NH

2 Site Address

Land at Unit 4 Hawthorn Road
Hawthorn Road
Littlehampton
BN17 7LT

3 Description of Development

Construction of a two-storey office building (Use Class E). This application is in CIL Zone 2 (zero rated) as other development.

4 In pursuance of their powers under this Act and related Orders and Regulations the Council **PERMIT** this development to be carried out in accordance with the application and plans and subject to the following conditions.

- 1 The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby approved shall be carried out in accordance with the following approved plans:

"Site Location Plan" Dwg No SLP01;
"Proposed Block Plan" Dwg No BP02;
"Proposed Floor and Roof Plans" Dwg No P01;
"Proposed Elevations" Dwg No P02;
"Proposed Elevations (North and South)" Dwg No P03; and
"Proposed Elevations (East and West)" Dwg No P04.

Reason: For the avoidance of doubt and in the interests of amenity and the environment in accordance with policies EMP DM1, T SP1 and D DM1 of the Arun Local Plan.

- 3 The office building shall be used for class E(g)(i) and for no other purpose (including any other

purpose in Class E of the Schedule to the Town & Country Planning (Use Classes) (Amendment) (England) Regulations 2020 or any other Statutory Instrument revoking, re-enacting or amending these regulations).

Reason: To enable the Local Planning Authority to maintain control in the interests of the amenities of nearby residential properties and to maintain appropriate parking provision in accordance with Arun Local Plan policies QE SP1, T SP1 and D DM1.

- 4 No development above damp proof course (DPC) level shall take place unless and until a colour schedule of materials and finishes to be used for external walls and roofs of the proposed building have been submitted to and approved by the Local Planning Authority and the materials so approved shall be used in the construction of the building.

Reason: To enable the Local Planning Authority to control the development in detail in the interests of amenity by endeavouring to achieve a building of visual quality in accordance with policy D DM1 of the Arun Local Plan.

- 5 No development above damp-proof course (DPC) level shall take place unless and until details showing the proposed location of one fire hydrant or stored water supply (in accordance with the West Sussex Fire and Rescue Guidance Notes) shall be submitted to and approved in writing by the Local Planning Authority in consultation with West Sussex County Council's Fire and Rescue Service.

Prior to the first occupation of any part of the office building forming part of the approved development, the developer shall at their own expense install the required fire hydrant in the approved location to BS:750 standards or stored water supply and arrange for their connection to a water supply which is appropriate in terms of both pressure and volume for the purposes of firefighting.

The fire hydrants shall thereafter be maintained as part of the development by the water undertaker at the expense of the Fire and Rescue Service if adopted as part of the public mains supply (Fire Services Act 2004) or by the owner/occupier if the installation is retained as a private network.

Reason: In the interests of amenity and in accordance with policy INF SP1 and T SP1 of the Arun Local Plan and in accordance with The Fire & Rescue Service Act 2004.

- 6 No development above damp-proof course (DPC) level shall take place unless and until the applicant has submitted a scheme for approval in writing by the Local Planning Authority to demonstrate that the development will achieve energy efficiency measures that reflect the current standards applicable at the time of submission and incorporate decentralised, renewable and low carbon energy supply systems. The approved scheme shall thereafter be implemented prior to occupation of any part of the building and any approved renewable energy supply systems shall be permanently retained & maintained in good working order thereafter.

Reason: In order to secure a reduction in the use of energy at the site in accordance with national planning policy and policy ECC SP2 of the Arun Local Plan.

- 7 No part of the development shall be first occupied until full details of the placement of two bird boxes on the building have been submitted to and approved in writing by the Local Planning Authority. The approved details shall then be implemented in full prior to occupation and thereafter retained to the satisfaction of the Local Planning Authority.

Reason: In the interests of securing biodiversity net gain in accordance with Arun Local Plan policy ENV DM5 and the National Planning Policy Framework.

- 8 No part of the development shall be first occupied until the car parking has been constructed in accordance with the approved site plan. These spaces shall thereafter be retained at all times for their designated purpose.

Reason: To provide car-parking space for the use in accordance with Arun Local Plan policy T SP1 and the Arun Parking Standards SPD.

- 9 No part of the building shall be first occupied until covered and secure cycle parking spaces have been provided in accordance with plans and details submitted to and approved by the Local Planning Authority. The details so approved shall be maintained in perpetuity.

Reason: To provide alternative travel options to the use of the car for employees in accordance with Arun Local Plan policy T SP1 and the Arun Parking Standards SPD.

- 10 Prior to the occupation of any part of the approved building, a scheme for the provision of facilities to enable the charging of electric vehicles to serve the parking spaces associated with the use shall be submitted to the local planning authority for approval and thereafter implemented in accordance with the approved details and the charge points shall thereafter be permanently retained and maintained in good working condition. The current standards require EV charging points in 20% of parking spaces (rising to 30% in 2023).

Reason: New petrol, diesel and hybrid cars/vans will not be sold beyond 2030, and to mitigate against any potential adverse impact of the development on local air quality, in accordance with policy QE DM3 (c) of the Arun Local Plan, the Arun Parking Standards SPD and the National Planning Policy Framework.

- 11 Prior to the occupation of any part of the development, a strategy for the provision of the highest available headline speed of broadband provision to future occupants of the site shall be submitted to and approved in writing by the Local Planning Authority. The strategy shall take into account the timetable for the delivery of 'superfast broadband' (defined as having a headline access speed of 24Mb or more) in the vicinity of the site (to the extent that such information is available). The strategy shall seek to ensure that upon occupation of a dwelling, the provision of the highest available headline speed of broadband service to that dwelling from a site-wide network is in place and provided as part of the initial highway works and in the construction of frontage thresholds to dwellings that abut the highway. Unless evidence is put forward and agreed in writing by the Local Planning Authority that technological advances for the provision of a broadband service for the majority of potential customers will no longer necessitate below ground infrastructure, the development of the site will continue in accordance with the approved strategy.

Reason: To future proof the proposed office space in accordance with Arun Local Plan policy TEL SP1.

INFORMATIVE: Statement pursuant to Article 35 of the Town and Country Planning (Development Management Procedure)(England) Order 2015. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Neil Crowther
Group Head of Planning

Case Officer: Mr S Davis

Decision Issued: **24th November 2021**

Arun District Council
The Arun Civic Centre
Maltravers Road
Littlehampton
West Sussex BN17 5LF

IT IS IMPORTANT THAT YOU READ THE NOTES ATTACHED TO THIS DOCUMENT

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, and you want to appeal against this planning application decision, then you must do so within 28 days of the date of this notice.

If an enforcement notice is served relating to the same or substantially the same land and development as in your application and you want to appeal against this planning application decision, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months of the date of this notice, whichever period expires earlier.

Otherwise, if you want to appeal against this decision then you must do so within 6 months of the date of this notice.

Appeals must be using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <http://acp.planninginspectorate.gov.uk>

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry then you must send notice to the Local Planning Authority and Planning Inspectorate(inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details can be found at www.GOV.uk

PURCHASE NOTICES

If either the local planning authority or the Secretary of State refused permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council (that is, where the land is situated in a National Park, the National Park authority for the Park, or in any other case the district council in whose area the land is situated). This notice will require the Council to purchase the owner's interest in the land in accordance with the provisions of Chapter 1 of Part VI of the Town & Country Planning Act 1990.

Please note that this decision notice only relates to matters under the Planning Acts and does not give consent under any other legislation that may apply to the development. You will need to carry out your own checks to determine whether any other consents or permissions are required. For example, the Building Regulations are likely to apply to most developments, and a Highways Licence may be required from West Sussex County Council for any development within the public highway (including the placing of skips on

highway land).
