Dear Sir or Madam,

Re Alterations to 65 Arundel Drive, Thornlea Park, Littlehampton.
Caravan Sites & Control of Development Act 1960
Mobile Homes Act 2013

I am writing to you as Proprietors of Thornlea Park, Lyminster Road, Littlehampton. At the request of Mr Geere, Building Surveyor at Arun District Council I have viewed the proposals and drawings for alterations to the existing porch and means of access to 65 Arundel Drive, Thornlea Park, Littlehampton. We have compared this with the current site licence conditions. I also visited the site on Tuesday 19th August to check on the available space between the park homes.

The proposals do not quite comply with the licence conditions as there should be a 4.5m clear distance between any such structure and any adjacent caravan. From the measurement that I obtained at the front of the caravan I believe that you may have 4.5m clear distance as required but this will not be the case further down between the platform at the door of no. 65 and the adjacent caravan.

I can confirm that the proposals and plans are likely to contravene the Caravan Site Licence conditions but the health and safety and amenity of the site are not affected therefore we give permission for the proposed changes provided that this new structure does not form part of the park home structure, (i.e. is not fixed to the park home). The new structure should also be constructed of non-combustible materials and should be removed, replaced or reduced in size so that it does comply with the relevant conditions when Mr Parker ceases to reside at this address. We will also consult with WSCC Fire Service on this proposal.

Please do not hesitate to contact me if you have any queries relating to the contents of this letter.

Yours sincerely,

Alison Lindley
Environmental Health Contractor
