Dear Sir/Madam,

I enclose a planning application with documents, for dropped kerb at the above address, plus cheque as payment.

I trust that this is satisfactory. I found the web site a bit complex and after I was allocated the above reference, it wasn't recognised again by the site.

We hope you can look favourably on our request, as it becomes very difficult to park in this strip of housing. Although there is a recessed area along part of the strip, parking is along the strip, therefore not allowing many vehicles. One family has three vehicles, one a large van which is parked most of the time.

We have a garage in a block some way from our house. As my wife and I are now in our 70's, we could do without having to carry shopping, etc., to the house.

I would appreciate your guidance if you require anything further, or if the application package is incorrect.

Looking forward to your response.

Yours Faithful

Tom Stratford
