COUNTY HIGHWAYS CONSULTATION RESPONSE**

DATE: 28th February 2018

**FROM: Tim Townsend TO: Arun District Council
FAO: Michael Eastham**

SUBJECT: LU/26/18/DOC - Approval of matters reserved by condition imposed under LU/117/15/RES relating to condition 6-Travel Plan.

LOCATION: Land to the North of, Toddington Lane, Littlehampton.

RECOMMENDATION:

Advice	☐	Modification	☐	More Information	☒
Objection	☐	No Objection	☐	Refusal	☐

S106 contribution total (see below for breakdown): £N/A

This is the WSCC Highways response to the above application for approval of matters reserved by condition imposed under LU/117/15/RES relating to Planning Condition 6 - Travel Plan.

Summary position of Highway Authority.

Further information and amendments to the Travel Plan are required, a summary of which is set-out below. Full highways comments are available within a copy of the full Travel Plan which should be read-alongside this document.

- WSCC require that the 12-hour weekday vehicle trip rate (as predicted in the Transport Assessment) be included in the document, and the target trip rate derived from the (TA - 15%) is also expressed.
- £150 travel vouchers should be offered to each dwelling and occupants should be able to select the option that would most enable them to use sustainable modes rather than motor vehicles. Currently the developer is proposing a £50 bike voucher, which *appears* to be in addition to a 4-week bus ticket (circa £85) – this latter point should be clarified. Following that clarification, the document should be amended to include WSCC requirements.
- There should be a firm commitment to repeating the £150 travel voucher offer to each unit should the 5-year target not be achieved.
- The time frame for the first TRICS SAM survey should be clarified.

Please re-consult when further information is available.

Thank you.
