Subject: RE: LU/276/21/PL- initial feedback

Hi Charlotte,

This application only came to me as the Principal in the East area was off for a month and so I got a number of East area apps reallocated and allocated as new (like this). She has returned now and this application may go back to her. If not and I keep the application, then I am aiming to determine in early to mid-November. I may need to agree an extension of time if it is later than the 11th but I will advise in due course if that looks likely. I have no concerns with the application and am proposing to recommend approval. Consultation responses can be viewed on our website. Currently the following consultees are outstanding:

Littlehampton Town Council;
Environmental Health;
Council's Arboriculturist (although I note your comments / past decisions regarding the trees on site);
Drainage Engineers; and
West Sussex Minerals & Waste Safeguarding.

Kind Regards

Simon J Davis MRTPI

Dear Simon,

I wanted to make contact to enquire about current workloads and noting that consultations should be finished by 21st if we will be able to obtain some feedback during October.

Please would you be able to advise on likely timescales for this one, and indeed if there are any points that need clarification or discussion at this time.

Kind regards,

Charlotte Smith
