Subject: RE: LU/278/17/RES - Lyminster Bypass

Afternoon Michael,

I haven't been consulted on the other DOC which relates to this site. As long as these issues are being considered as part of one of the applications for the site I would be happy that no further work would be required for this application.

Many Thanks

Liz

Subject: LU/278/17/RES - Lyminster Bypass

Hi Liz,

You have submitted the following representation to the application for Reserved Matters for Lyminster Bypass (LU/278/17/RES):

"No protected species survey have been undertaken on the site so it is not possible to establish if protected species are present. Prior to determination it is required that an extended phase one habitat survey is undertaken on the

site to determine if there is potential for protected species then further surveys would be required. These surveys plus any mitigation strategies required would need to be submitted prior to the determination of the application”.

Protected species surveys were carried out for the outline planning application and have been updated and the updates have been submitted under the separate Discharge of Condition application (LU/284/17/DOC).

Have you viewed the ecological information submitted for LU/284/17/DOC) and do your comments to LU/278/17/RES remain the same?

Kind regards,

Michael
