Hi Kathryn,

Hope you're well?

I'm the agent/architect for this application and wanted to write to you quickly about the application stated above for 103 Griffin Crescent.

I note there's been a comment of objection regarding the side-facing windows. I would just like to assure you that these will of course be obscured glass. I am happy to reissue the drawing to clarify this if required although I anticipate it would be a planning condition in any case?

Many thanks,

Hannah
