Littlehampton

BN17 6PA

Date 18th March 2018

'RE Ref LU/280/17/PM

Dear Mr Baeza

We have read the officers report on the above planning application and under RESIDENTIAL AMENITY, paragraph 3 'The 2 no dormer Windows for the southern elevation, we have issues with comments made regarding overlooking our property.

If you look at the enclosed photographs which have been taken from our back kitchen door, living room and back bedroom, you will see that contrary to the paragraph mentioned we do have unacceptable overlooking into our property. The dormers will be placed approximately where the chimneys are in these photos and while the distance is slightly greater than the northern elevation the view will intrude into our privacy especially as one of the dormers will be someone's living room.

These photos do not give a true representation of the short distance involved. If you feel that you need to visit our property to view the situation for yourself please ring the above number.

Yours Sincerely

Mr S & Mrs C Cranham
