Hi Michael

Thanks, the drawing you have just sent, this is the drawing that I had found.

So it doesn't actually give any detail other than pictorial, but from your message I can say that assuming this is a Berberis hedge and is to match in with a further section in this location then yes it would be suitable for application.

Generally I would need to ask for plant spacing, quantities and size at time of planting.

Hope this info is what you need.

Kind regards

Sue

Hi Sue,

We would like the berberis hedge to go around the timber enclosure, leaving a space for the door.

Thanks,

Michael
