Laura

Just to confirm following on from our telephone conversation. A new survey of invert levels pipe size has been requested.

There appear to be discrepancies between engineering layouts and calculations. So to ensure we provide correct information I will be carrying out as built survey and rechecking the design.

Once I have more fixed dates on this I will give you a further update.

Unfortunately the CCTV did highlight information to check this, so apologies for the further delay.

Regards

Thomas Doyle

Engineering Manager
