Dear Sir,

**Property – Norway Farm House, Norway Lane**

The above property has been empty for nearly 7 years. I understand you are the company to contact about this property. I am sure you are aware that it is currently boarded up, but having visited it, I have seen that it is deteriorating gradually.

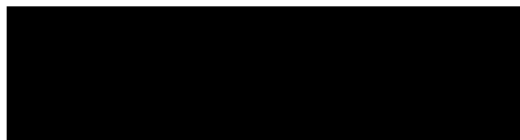

Over the years we have received complaints about this empty property. Especially as it is visible as you drive along the main road. Photographs of its condition have been taken.

The reason I am writing to you is to find out what is being done about this empty property. Having carried out some research, it appears that the land it is not suitable for development in the near future, due to it being on a flood plain and also with the electrical cables.

Therefore it appears that the most appropriate way forward would be to demolish this building. Part of Arun District Council's goals are to enhance the environment, making it a more welcoming place to visit. We always wants to work *with* the owners of empty properties so I would appreciate if you would contact me as to what the plans are for the future of this building.

Please contact me on the above details and I look forward to your reply.

Yours sincerely,

Emma Lawrence BSc (Hons) B.Surveying
