

Please can you attach the plans as the most up to date plans.

F.A.O. Finlay Gardner,

Further to yesterday's e-mail regarding the first floor extension to be set back by 500mm, my client would prefer to run with the original design as previously submitted.

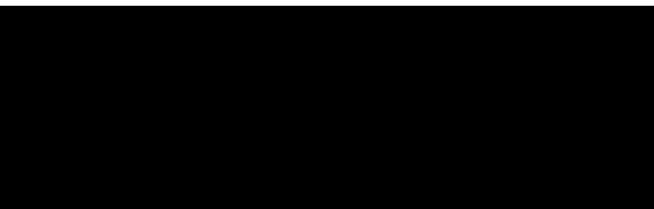

I have attached our original designs for your information, therefore please ignore yesterday's revised scheme.

I trust the above is sufficient however should you require any further information or have any queries then please do not hesitate to contact me.

Many thanks

Dear Mr Phebey,

Having spoken to my manager would it be possible to move the proposed frontage of the extension back 0.5m to avoid the possibility of terracing if number 32 decides to do the same? If this is something you can do please send amended drawings so that I can get a decision with you as soon as possible.

Kind regards

Finlay Gardner
