Good evening

Thank you for your letter dated 24th September explaining the requirement for additional information (by the 8th of October).

Please find enclosed as requested.

Flood Risk Assessment, Design and Access Statement and the CIL Form.

We had to commission a Flood Risk assessment so this took slightly longer than the 2 weeks you asked for a reply.

Also, we enclose the CIL form but you do state the application site is in CIL zone 4 (zero rated)?

We would like to retain the live application and continue without the requirement to re-apply if that is possible please?

We look forward to hearing from you.

Best wishes.

Tim Barrett
