

ARUN DISTRICT COUNCIL LU/299/19/PL

WDS @ 16m & 18m

Constructive Design & Management (CDM) Equations:
 CDM = (Information + People) x Time
 The equation is based on the idea that information produced by the project team is the most important factor in determining the success of a project. The equation is based on the idea that information produced by the project team is the most important factor in determining the success of a project. The equation is based on the idea that information produced by the project team is the most important factor in determining the success of a project.
