Mr. Millar,

Littlehampton Town Council are a consultee on this application which the District Council take into account in the final assessment of this application. They provide a response following discussion at their Planning and Transportation meeting of the 11th November 2019 which you may attend and public have the opportunity to speak.

I would also advise making a written comment to the District Council on application LU/299/19/PL on the Council's website at <https://www.arun.gov.uk/planning-application-comments>.

Thank you,

Andrew Wood

Hi Planning,

I don't seem to be receiving a reply to this email.

Perhaps Andrew is away so maybe someone else could respond.

Best regards

Max

On the notice board it says there will be a Planning and Transportation meeting on the 11 November 2019 which will be looking at LU/299/19/PL

Is this still going ahead. If so where and at what time?

It does seem strange as comments by the 14 November 2019.

I want to make sure the lights do not, as at present, point straight up Church Street (north west) blinding anyone walking towards the club from the town. You literally have to look at your feet to avoid the arc light.

Is it better to write in a comment, attend the meeting or both?

I wrote to the club a year or so back but had no reply.

Best regards

Max Millar
