Mr Gosling,

Please find the Highway comments attached. They are not objecting but do recommend a few conditions. One thing they would like changed is in terms of access, outlined below:

'Access

This proposal includes construction of two additional vehicle crossovers (VCO) to accommodate the proposed parking provision. I have consulted the Area Manager to provide their comments in relation to the proposed VCO. They have advised that rather than two separate VCOs, the full height kerb between the two proposed VCOs should be dropped, providing a wider, shared VCO. Any access works onto the public highway must be constructed under a licence obtained from WSCC Highways to a specification agreed with them'.

Could you send in an amended plan incorporating this wider single vehicle crossover please?

With regards,

David Spring B.Sc, M.Sc, M.A
