3. Nov: 2014

Your Ref: LU/300/14/H.H

Dear Mr: SULLIVAN;

Re: 46 MEADOW WAY LITTLEHAMPTON BN17 6BL

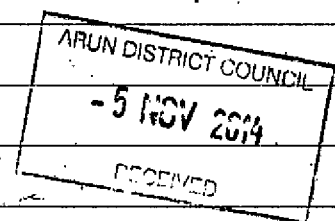

Further to our conversation regarding the proposed Ramp
submitted today, I confirm the following:

1. Backwork concerning the Ramp & Landing will be in
step facing BRICKS to match as closely as possible
the existing dwellings.
2. Key-Kump Bolstrade system will comprise, 40mm
diameter galv'd M.S. tubing & fittings finished
with 3 coats oil based gloss paint - Colour Black.

I hope this clarifies the situation

Many thanks

Yours sincerely,
