Hi Anita

Thanks for your email.

The RSA and designer's response are needed before determination. I'm asking for more information at this stage and a relevant informative isn't needed.

Apologies this wasn't clear.

Matthew

Hi Matthew,

I have read your consultation response, attached, for the above application and would like some clarification. With regard to the Road Safety Audit and Designers Response is submission required prior to determination of the application? Are you saying that the application can be determined on the basis of the information received or are you asking for further information at this stage?
Should reference to the submission of an audit be added as an informative?
Thanks
Anita
