Re the above planning application (Application_Ref_No=LU/30/22/PL)

I am writing to say that this is near enough the same application that was withdrawn last year and as such my objections remain the same. My elderly parents live at 34 Mariners Quay and this application if approved would totally remove any privacy they have in their house as there would be a direct view inside. In addition the extension would cast a huge shadow over the garden and block light into the ground floor.

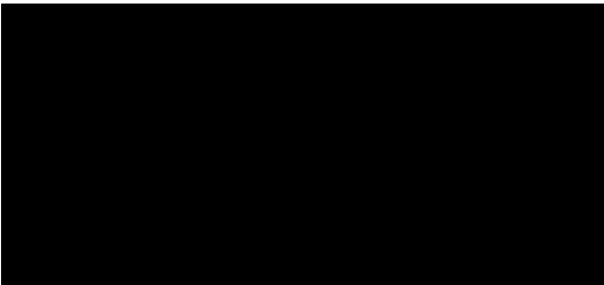

It is also my understanding that the area is a preservation area and was specifically designed by the architects to ensure a cohesive front to all the properties.

I strongly object to this planning application and am also surprised that it has been put back in considering the applicant withdrew the last one after taking consideration of his neighbours !

Thank you

Colin
